YOUR ARRIVAL TO JAMAICA

Remember Passports: A valid passport is required for all travelers, even infants! Please check passport expiration dates to ensure they are valid for 6 months after the end of this vacation.

Reservation Details: Please enter your reservation details in the guest portal which can be accessed by the button at the top right of our homepage. All guest names and flight details must be entered at least 6 weeks prior to arrival. If we don't have this, we cannot guarantee Club MoBay.

Check-In/Check-Out Times: Check-in is 3pm and check-out is 11am. This works well for flights arriving after noon and flights departing before 2:30pm. Please let us know if your flights do not match this as we will do our best to be flexible.

Arrival Instructions: You will receive arrival instructions 5 days before you arrive. Please make sure you bring those instructions and your Club MoBay confirmation letter when you travel. These documents will help guide you through your arrival experience.

Travel Day Lunches: Halfway through your drive to Bluefields, there will be a stop at Border Jerk – a guest favorite with highly recommended jerk pork. If you are not able to eat jerk pork or jerk chicken, please let your driver know before leaving the airport. On your departure day, you may also want to arrange for a larger brunch.

Club MoBay: To facilitate an expedited arrival experience, we have included Club MoBay for all reservations that are at least 4 nights in length. Confirmation of this provided service can happen only after all guest names and flight details are entered and you click the button that all reservation details are complete. The request then gets made for you automatically. This must be finalized no less than 4 weeks prior to arrival so that we are able to include this special service. For Suites bookings under 4 nights, please email if you want Club MoBay as an added extra.

YOUR VISIT TO BLUEFIELDS

Our Request: We implore guests to take control of the villa upon arrival -- making all needs, desires, and preferred mealtimes known to your Butler so the staff can ensure your visit is most enjoyable and smooth. Please sit for lunches by 1:30PM. As most staff use public transport, we ask you to begin dinners by 7:30PM so the staff can get home to their families without difficulty. We greatly appreciate your understanding! Suites guests have a little less flexibility. You can choose your menu and mealtimes through the My Stay app on your Suites Television.

Arrival Villas: Upon arrival, Guest Services will greet you, introduce your staff and provide an orientation to your villa. You will meet your Butler, Housekeeper, and Chef. Guest Services also handles meal-planning, villa provisioning, and activity-planning. If any improvements are needed, please bring them to the immediate attention of our team who are eager for your visit to live up to your expectations.

Arrival Suites: Upon arrival, please visit our reception area where a Guest Services agent will check you in, give you a tour of your suite, the app on the television to control your stay, the pool, the Tree House dining area, and the beach.

Beach: Provided beach service on-property opens at 8:30am and closes at 5pm. Our beach attendants will serve drinks and assist with watersports equipment. For guests staying in villas that are not adjacent to the beach, we kindly request that you give 20 minutes notice to Guest Services on WhatsApp so transportation can be arranged.

Your Bar, Villas Guests: In the Trip Details section of our portal, you are asked to list the liquors and soft drinks that you want waiting when you arrive. It is easy to add items during the twice-daily villa deliveries, so this initial list does not need to be fully complete. You will also see a list of premium wines/champagnes for purchase, but you are welcome to bring liquors and/or wines/ champagnes with you too. If you want non-included items and ask for those before your visit (Bourbon, Cognac, etc.), we can source them for you at an added cost.

Your Bar, Suites Guests: We provision each suite with a selection of soft drinks, water, ice, and flasks of Rum and Vodka. The Treehouse has a full bar that is at your disposal. The beach has a partial bar with frozen cocktails, draft beer, and other soft drinks.

Kids/Nannies: Our Nannies are available for 8 hours a day and one Nanny will be provided for every two young kids in your group. A maximum of two (2) nannies per villa rental are included with your stay. Please speak with our Guest Services team who will contour this 8-hour block to your preference anytime from 7am to 8pm. If you wish for more coverage than the provided 8-hour block or if you would like a sleepover Nanny, that can be arranged through the portal for a small added fee (\$15 per hour). Our Nannies will have age-appropriate supplies and activities to bring each day. We are happy for you to supplement what they have as they are required to take those supplies with them at the end of their shift.

We have several infant and child car seats for use in vehicles, and those will be available on a first come first serve basis. We also have full-size cribs as well as portable cribs and high-chairs. Please let us know well in advance what you will be needing for your children so we can hopefully have the items awaiting you at your arrival. This should be done in the Trip Details page, and we will be in touch if there are any issues of concern. We also have an assortment of beach toys available that are kept at our beach area.

Night Caretaker: The Night Caretaker at each home is there to serve you once the other staff depart, and he will close the house after you retire. He can provide ice, serve drinks, make coffee and tea in the overnight hours, etc.

Laundry: We are proud to be one of the only resorts to offer personal laundry services as part of our all-inclusive package for villas. Please put personal clothing to be washed into provided laundry baskets, and towels to be washed or changed into the bathtub or shower. Clothes left elsewhere will be returned to your closet, and towels left on towel racks will be folded for re-use. Please set aside (or specifically direct attention to) delicate items, do not mix those with regular laundry items, and realize that we do not have facilities for dry cleaning. While we do our best to get clothing back into the correct bedroom drawers, please help us to sort out any confusions! To ensure that your clothing is ready to head home with you, collection of laundry will stop 48 hours before guest departures. NOTE: Laundry service is not included for the Suites. Laundry service can be added for \$20 per load. Please request from Guest Services.

Provided Toiletries: Beach towels, bathroom towels, soaps, shampoos, conditioners, body washes, body lotions, aloe vera after sun gels, hair dryers, makeup mirrors as well as laundry services are provided at each villa. For your convenience, we stock a variety of reef friendly sunscreen and Off! Bug sprays for sale. Suites: An iron is included in each suite.

Use of Equipment: Please take great care when using equipment owned by Bluefields Bay Villas. Some potential issues from the past include: Sea floats are not meant to be trampolines as they are not able to withstand jumping. They are provided for relaxation only, as they can be harmed when used improperly. Sea kayaks, paddle boards, and other watersports equipment are fragile and must not be dragged over rocks. Please make sure our beach attendants put those items into the sea for you and assist when you return. Lastly, snorkeling gear is provided, but cannot be left baking in the sun or in a place where it may be harmed by animals. You are responsible for any/all equipment that you use and that belongs to Bluefields Bay. You will be expected to pay for any damage incurred or any loss of equipment prior to your departure from Bluefields Bay.

Air Conditioning and White Noise: Please discuss with your Housekeeper the operation of the fans and A/C units, and we ask for cooperation in our efforts to be environmentally friendly by limiting the hours of use. Our air-conditioners are not rated to run 24 hours a day and will stop cooling when overused. Please make sure all louver windows are completely closed when using A/C units. Our Housekeepers follow company policy for all bedroom windows to be open during the days with A/C units turned off until sundown. We utilize devices that automatically turn off air conditioners in rooms without an occupant after a prescribed period of time. Also, guests often enjoy "white noise" provided by small sound machines in most bedrooms.

Music, TV, and Streaming Media: Each villa is connected to our 24-hour streaming Radio Bluefields and most stereos have a way to connect Bluetooth devices brought by guests (please realize we do not provide charger cables!). Each villa has a television which has access to 3500 live television channels from around the world. Our entertainment app allows you to stream Netflix using your own account.

Phones and Cell Phones: We have phones at each villa that can make unlimited calls to the US and Canada. The phones are specifically programmed so you can make calls, but without showing the actual phone number to the persons called. We realize you are on vacation, and we value your privacy. Please realize that roaming fees are expensive for data connections and that we have a robust fiber connection in operation at all our villas!

Party-Planning: To make a celebration special, you can hire a reggae band, an authentic mento band, Steel drum band, or a local DJ to spin reggae hits. We politely request that you and your group respect the Jamaican law that there should be no use of outdoor speakers after 11PM.

Shopping: Please check with our Guest Services team for a full list of souvenir items we offer for sale.

Visitors: If you have friends in Jamaica who you wish to host, there are two options: For a half day rate (US\$100), your friend can join for lunch or dinner, utilize the full bar, and enjoy our facilities. A full-day rate (US\$160) includes lunch, sunset cocktails with appetizers, and a delicious dinner. Our management requires prior notice to properly plan for this. Suites: The Suites are not able to accommodate outside visitors.

Dogs & Cats: Our furry friends are outdoor pets only. We do our best to train them to stay out of the houses, but we can only succeed with your cooperation. Please understand that you will be held responsible for damage caused by encouraging animals to come inside.

Mosquitos: A natural NEEM repellant is provided in small blue spray bottles at our villas. This non-toxic oil helps repel mosquitos, and the staff provide electronic repellants in the bedrooms and mosquito coils on patios if desired. We also have OFF! repellant available for sale.

Emergencies: We understand that an emergency while away from home is a challenging experience and we will do our best to assist in getting you the best possible care. If there is an emergency, please inform the nearest staff member as they have extensive training on how to reach the correct persons and get assistance. The Guest Services Whatsapp will simultaneously inform our entire team of any issues. The internal number for Guest Services is 2020#, our Office is 2010#, and 2000# for Security. The best way to deal with an emergency is to communicate directly with management as first signs arise. If you are not feeling well or become injured, please let us know immediately as we can often have a doctor (and medications) arrive in order to avoid a hospital visit. Medical issues abroad can have financial implications since not all health insurance policies cover traveling abroad nor repatriation home. We highly recommend trip insurance, so please see our FAQs section for how to sign up.

Security Deposit: It is company policy that, prior to arrival, each rental party provides credit card details to be held as a security deposit in case of damages or losses brought about by your group. If you paid by check or wire, please add a credit card in the My Profile section of the portal. Upon arrival, you will be expected to sign a paper copy of the already e-signed Terms and Conditions page of the rental contract.

Suites: Guests for the Suites are required to present a physical credit card with a matching photo ID at check in.

Billing for Excursions and Extras: For most excursions and extras, you will be billed by our Guest Services. For many excursions, you will be given an entry voucher by our office. In almost all cases our drivers can handle those entry vouchers for you. Our Guest Services team will inform you of pricing for transportation for excursions as well as current pricing for the venues themselves. A final invoice will be presented to you prior to departure.

Tipping: Thank you for the 15% service charge sent prior to your arrival – with 2% being a donation to our charity and 13% going to the persons who look after you. This payment gets fairly distributed to all persons involved in your visit. Please realize this gratuity sum does not cover spa or boat personnel or any persons not employed by Bluefields Bay Villas. As we all know, tipping in the U.S. is often done on a 15% to 20% basis so we are pleased for you to leave extra gratuities for the staff. We ask you to give any additional gratuities to Guest Services with a list of how you wish it to be shared and which staff have made an especially meaningful contribution. Please feel free to inform the staff of the extra amounts being left for them as it will happen exactly as you have directed.

We ask you to honor our request not to give gratuities directly to staff members. Ignoring this request promotes a scene where visible staff (drivers, waiters, etc.) are richly rewarded, while other indispensable workers (cooks, laundresses, persons who cover days-off) can be overlooked. Please do not put our staff into the awkward position of attempting to discuss personal financial matters. Thank you in advance for your cooperation and consideration!!

PLEASE NOTE:

- 1) You assume full responsibility for any equipment belonging to the facilities that you utilize during your stay. Any issues will be settled before your departure from Bluefields.
- 2) You will be billed for wine orders, outings in our vehicles, booked excursions, and extras (including hosting visitors) and can pay in cash or by credit card before leaving Bluefields.
- 3) Our all-inclusive format is based on reasonable consumption. You may be charged for excessive usage of food or drink. This has only happened twice in 30+ years.
- 4) Any excursion booked through the villas may incur a cancellation fee if not cancelled 24 hours prior to the scheduled excursion time. Some excursions have different cancellation policies, so please enquire about each specific activity.

MENU PLANNING

Bluefields Bay is pleased to offer our *Jamaican Fusion Cuisine*. This style of food is completely unique to Bluefields Bay with dishes created by our Consulting Executive Chef, Joe Cotton that join Jamaican food concepts with freshly caught seafood, locally grown fruits and vegetables and spices (organic when possible) and other available food products used in new and appealing ways. Our chefs are innovative and inventive, bringing to you plates of food that look just as good as they taste – with meals served on an array of incredibly beautiful china.

As you are traveling to Bluefields on your first day and are unable to make direct plans with your Chef and our Guest Services Team, please let us know on the Trip Details page if you prefer a seafood, non-seafood, or vegetarian main course for your first dinner. Any dietary restrictions should be listed for guests in their personal sections accessed through the Clients page of the reservation. Most dietary restrictions are listed, although it will allow customized restrictions. It is important that vegetarians let us know in advance if they eat seafood, cheese, eggs, etc. We can offer two separate entrée options to ensure our guests get meals they enjoy. Please do realize we need 6 weeks advance notice to ensure that any unique supplies (halal meats, etc.) are in place as some suppliers operate on Jamaican time.

Our Guest Services Team visits each morning to describe Daily Specials for the following day's lunch and dinner so that you enjoy the freshest and most inventive menus possible. Meals are contoured to your personal tastes in terms of spice level and other features. Please let them know if the meals are too heavy as we have a variety of lighter options that can be prepared by your Chef or you might prefer a heavier lunch and lighter dinner.

Breakfasts are included each morning featuring our Jamaican Daily Specials. You can also enjoy cereal, fruits, eggs, pancakes or French toast if preferred. Guests eat when they arise and up to 11am, as only lunches and dinners are served as group meals. If you want snacks (i.e. fruits, muffins, banana bread) for the evenings, please arrange this in advance with your Butler and Chef. Children's meals (such as fried chicken, grilled cheese sandwiches, homemade potato chips, French fries, peanut butter & jelly sandwiches, macaroni & cheese, etc.) should be discussed with the Guest Services Team and Nanny upon arrival.

For Suites: Our Suites guests have a modified food program. Breakfasts will include a selection of local fruits, pastries, eggs and omelets etc. Lunch and dinner will have a selection of three choices for each meal. These will include a meat, seafood, and Vegan/Vegetarian option for each meal. We will do our best to accommodate some food restrictions. Please discuss with your booking agent in advance of arrival as you may need to upgrade to a villa.

PLEASE BE AWARE: From 1 April to 30 June, it is illegal to fish for lobster as it is spawning time. We cannot buy nor prepare lobster during this period. Please do not purchase lobster yourself and ask our staff to prepare it for you as they are unable to accommodate this request. Also, please note that our Storeroom is open between the hours of 8am to 6pm. If you want something that is not already in your villa by its closing time, the item will be sent to you the following day.

Hiking (included)

Walking up the Bluefields Mountain behind our villas is a great way to exercise, learn about the area and meet its welcoming local residents. Philip Gosse wrote his defining treatise, *Birds of Jamaica*, while living in Bluefields -- so there are usually many species of birds and plants to view as you hike. The best route is to go up the lane next to our tennis court and then proceed up the hill after turning west for a short distance along the Retirement Road. You will arrive to an overlook with fabulous views of Bluefields Bay where you can take some great photographs. On the way down, you can either retrace your steps or continue east along the Retirement Road and return to the villas by walking along the beach. Since you may feel more comfortable walking in the local community with someone who knows the route and its residents, our Guest Services Manager will have a staff member accompany you as a complimentary service, and not at an additional cost. The walk is best done in sneakers as you will encounter some loose rocks. Please take water, and someone should have a cell phone or two-way radio in case of difficulties. The journey up and down can be done in about an hour, the longer route takes 90+ minutes, and this is recommended for early mornings before it gets hot. More rigorous hikes can be arranged if you speak with the Guest Services Manager or your Butler.

Tennis and Pickleball (included)

Newly renovated, we now have two pickleball courts for our guests to play on. Ask Guest Services for reservations, balls, and racquets.

Our competition-size Laykold tennis court is available for use by our visitors. It is best to bring your own racquets and tennis balls. Please make court reservations with our Guest Services Team in advance.

For tennis rates: *Please contact the Guest Services team if you would like to hit with a Pro, and we will provide the current rates.

Jerk Chicken Lunch (included)

Jerkmaster James prepares a delectable feast on his outdoor barbeque grill in our Jerk Chicken Grove near The Treehouse on each Wednesday, and his guests gather at 1pm. Come a bit early to see the cooking process, and watch how James uses local pimento wood spices to grill his jerk chicken. He makes amazing jerk sauces for guests to enjoy with lunch - one spicy, another simply flavorful. The Jerk Chicken Grove has 4 large picnic tables and even 2 swings, so small children (with nannies supervising) may enjoy eating therewhile adult guests are at the Treehouse. Of course the Jerk Chicken Grove is a lovely outdoor setting that entire families can easily enjoy together too.

Owner's Cocktail Party (included)

On Mondays, our Owner's hosts a cocktail party for guests. Our Guest Services Team will inform you of the location, and they often include some local community members too.

Local Farmers' Market Tour

Take a tour of the local farmers' market with one of our chefs. Located only 15 minutes away in the city of Savanna-la-mar, our chefs will give you a tour of the market and show you the many fruits and vegetables that Jamaica has to offer. From sorrel to dasheen, you will see items that you don't see at home. Feel free to pick up anything you like and we will be happy to show you how we use those Jamaican foods in our cooking!

Black River

\$20.00 per adult; \$10.00 per child

Boating up the Black River (longest river in Jamaica, 35 minutes east of Bluefields) is similar to a trip through the Everglades. It affords views of mangrove, crocodiles, birdlife. Be sure to stop and admire the gingerbread Victorian buildings that are in the middle of the city of Black River. Try out Dr. Bennett's St. Elizabeth Safari boat ride up the Black River and also ask him about stopping at his incredible and extensive Orchid Farm that you pass on your way to YS Falls.

YS Falls

\$21.00 per adult; \$12.00 per child

The magnificent YS Falls (50 minutes northeast of Bluefields and the highest waterfalls in Jamaica) and a long stretch of the YS River run through the middle of a 2000-acre private plantation. The owners opened YS Falls to the public (9:30am-3:30pm, except Mondays), with tubing available on the YS River and a short canopy tour above the YS Falls (for extra charges). There are far less tourists than at Dunn's River Falls. Try to go early to be ahead of visitors from Negril or Montego Bay, and go after a dry day since otherwise the YS Falls may be muddy.

Appleton Estate Rum Tour

About 1 1/4 hours from Bluefields is Appleton Estate with an excellent tour of this rum processing plant and an introduction to the finest Jamaican rums. This is a highly-recommended tour for those who are "of age"!!

BLUEFIELDS BAY

ESCAPE. INDULGE. EXPERIENCE

Treasure Beach

Treasure Beach is 1+ hour east of Bluefields. This community has a wide dark brown sand beach, huge sand dunes, and water often fine for body surfing. You may want to visit Jakes or Jack Sprat (beach bar/restaurants). This community does not have "salesmen" on the beach and lacks Negril's commercialism. Frequent undertow can make swimming a little tricky.

The Pelican Bar

Past Black River along the coastline is a town called Paratee, with the quirky Pelican Bar built out in the middle of the sea. You can hire a boat from Paratee to take you out to this bar where drinks and some basic fish dishes are usually available, and there is good snorkeling readily available around the bar.

Negril

The resort town of Negril, 55 minutes west, has a spectacular 7-mile sand beach, snorkeling off its cliffs, bars, restaurants, water sports, shopping. Please realize this is an extremely commercial area, and you cannot take a picnic and drinks as there are many bars and restaurants. Our current favorite is Idle Awhile with its lush tropical foliage and great perch on the beach.

Dolphin Cove

Dolphin Cove Montego Bay is in a magnificent property situated on 23 acres of Caribbean Sea frontage. You get an opportunity to interact and swim with dolphins so you can enjoy the thrill of being with these amazing and lovable marine mammals. Dolphin Cove Montego Bay provides its visitors opportunities to interact with stingrays and even ride a camel.

Horseback Riding

If you wish to horseback ride on lush green tropical trails and along a remote beach, head for JamWest in Little London (outside Negril). After a brief orientation, you will saddle up for a guided trail ride that is 90 minutes long. This tour requires no prior experience for persons who are at least 6 years old, and can also be arranged for more advanced riders too. Before or after the ride, you are welcome to enjoy their resort pool/water slide, bird aviary, petting zoo, mineral bath, and rock-climbing wall at no added cost.

Golf

We recommend 2 golf courses. Nearest is the Negril Hills Golf Club about 35 minutes from Bluefields. This 18-hole par-72 course is 6,333 yards long, has gently undulating fairways, elevated tees and greens, picturesque water hazards and lots of lush tropical vegetation.

Cinnamon Hill Golf Course is located below Johnny Cash & June Carter Cash's home of the same name, Cinnamon Hill. This course was originally designed in 1969, and it had a brilliant re-design in 2001. This course is a delight to play, and it is steeped in Jamaican history as the course takes you near an ancient aqueduct, a burial plot that includes poet Elizabeth Barrett Browning, a waterfall featured in a James Bond movie (Live and Let Die), as well as the haunted Rose Hall Great House. The caddies at this course have been listed as some of the best in the world by Golfer Magazine.

Jungle Safari

The Jeep Safari tour at JamWest is the perfect getaway for nature lovers! Jamwest is one of Jamaica's wildlife reserves and is home to over 90 species of birds. Hear birds sing and see exotic reptiles on a 200-foot long boardwalk in the center of its swamp system. Enjoy this 300 acre property, explore the depths of the mangrove forest, and be reminded of the importance of environmental preservation. At the end of your tour, you can enjoy soaking in the cool mineral bath and other complimentary features.

ATV Adventures

JamWest also offers its visitors a fully guided ATV tour along dirt trails. Only 30 minutes from Bluefields, this will be a sensational experience. Beginners? No problem! All ATV quad-bikes and dune-buggies are automatic and incredibly easy to drive. 100% off road, let your adrenaline fuel the adventure. Choose to ride either alone or with a partner, and please be sure to also enjoy the other 5 features listed above.

Canopy Tours

Jamwest Adventures – This offering features eight towers that are each 60 feet high and has 2450 feet of zip-lines. Their "Racing Zip" is exclusive to Jamwest, with zip-lines running parallel and allowing two persons to race one another. While you are there, stop to absorb the stunning views of the Caribbean Sea and the southwest side of the island. Learn Jamaica's history, ending the zip-line experience with either a 60-foot rappel or an option to zipline across to the Rocky Water Village.

Chukka Caribbean Adventures – Chukka's Jungle Outpost has canopy tours along the beautiful Great River on the north coast. You will get a bird's eye view as you glide through a tunnel of trees in the Jamaican jungle and head across the 1100-foot long Inter-Parish Express over the Great River.

Rasta Safari

\$140.00 per adult; \$70.00 per child (<15)

RastaSafari is an amazing and unique way to discover how Jamaicans live in the countryside! Jump on brand new ATVs and drive them through the hills, plains, farms, and a beautiful village of 500 persons where you can swim in crystal clear mineral springs, discover a ganja field, see and taste exotic fruits and plants and much more! At the end of the tour you will sit down to enjoy an authentic Ital meal.

Night out in Negril

The Jungle, Negril's most popular club, gets going late, and is especially active Thursdays (free "ladies' night") through Saturdays. By midnight, you will be able to experience real Jamaican dancehall music, see some incredible outfits, and take part in the dancing. As you head back to Bluefields, try some "pan" jerk chicken for the drive home.

Cracked Conch Restaurant and Bar

Just five minutes away by car, the Cracked Conch Restaurant and Bar offers a cozy Jamaican atmosphere and delicious cocktails. Their seaside gazebo is a fantastic place to watch the sunset or spend an evening with new and old friends. Their bar offers a way to watch live American sports events and the Jamaicans may even help you root for your team! Occasional live music is always a welcome surprise.
